## WITH BANNERS FLYING, G. O. P. VISITS EVERY TOWN IN COUNTY

Caravan of 63 Automobiles Leaves  
Here at 9:30, Splits at Milroy  
and Joins at Carthage

MEETING TONIGHT, CLIMAX

Congressman W. E. Humphrey of  
Washington Will Speak and Mo-  
tion Picture Will be Shown

SEVEN SPEAKERS ON TOUR

New Says if Republican Had Been  
President, Baker Would Have  
Been Asked to Resign

By actual count, sixty-three auto-  
mobiles, with one or two exceptions  
filled to capacity left Rushville this  
morning at 9:30 o'clock on the tour  
of the county which the republicans  
are making today. There were a few  
stragglers which left afterwards and  
expected to catch up with the crowd.

Republican enthusiasm was ram-  
pant, amid flying flags and the blat-  
tant beatings of the members of the  
three drum corps, as the caravan of  
automobiles sped out of Rushville  
for Milroy where the first meeting  
was held at ten o'clock, according to  
schedule. There the motorists ar-  
rived, half going up the eastern side  
of the county and half the western.

The closing meeting of the tour  
was held at Carthage where the car-  
avan met again, and then proceeded  
to Rushville for the speaking tonight  
at the Graham Annex auditorium. An  
automobile parade will precede the  
night meeting.

The principal address will be  
made tonight by Congressman W. E.  
Humphrey of the state of Washing-  
ton, and following his address there  
will be shown a moving picture deal-  
ing with state and national issues of  
the campaign. Aside from the pol-  
itical viewpoint, the picture is of  
immense value and extremely inter-  
esting.

Speakers on the tour today in-  
cluded Harry S. New, candidate for  
United States senator; D. W. Com-  
stock of Richmond, candidate for  
congress; Edgar Bush of Salem,  
candidate for lieutenant-governor;  
Arthur R. Robinson of Indianapolis;  
W. R. Jinnett, candidate for the  
legislature; Judge Will M. Sparks;  
Lem P. Dobyns, candidate for joint  
senator, and Tom Davidson of  
Greensburg.

Ripley township revealed where it  
stands in the campaign when it came  
down about nine o'clock with a de-  
legation of eighteen automobiles from  
Carthage and vicinity ready to make  
the tour which ended with the big-  
gest meeting of the day in their  
town.

Ninety-six automobiles rolled into  
Carthage when the two divisions of  
the caravan which split at Milroy  
joined this afternoon about three  
o'clock. A large platform was erect-  
ed in the street at the main corner in  
Carthage.

The business section of Carthage  
was full of people for the meeting,  
and the speakers were frequently  
applauded. All of them made short  
talks.

A large crowd was on hand at  
Milroy awaiting the arrival of the  
tourists. The main street of Milroy  
was jammed with automobiles. Short  
speeches were made there and the  
caravan split, about half going the  
east route and half the west. At  
Milroy, New, Bush, Comstock, Jin-  
nett and Dobyns spoke.

Of special significance was the as-  
sertion of Harry S. New at New  
Salem, when he said that if a re-  
publican president had been in the  
white house when Secretary of War  
Baker compared Washington and his  
revolutionary heroes to the bandits  
of Mexico, Baker's resignation would  
have been demanded at once.

On the eastern tour the speakers

were New, Arthur Robinson, W. R.  
Jinnett and Lem Dobyns, with the  
bulk of the talking falling on the  
shoulders of Mr. Robinson, who was  
a candidate for the republican nom-  
ination for United States senator in  
the primary. Mr. Robinson fre-  
quently alluded to Tom Taggart, op-  
ponent of James E. Watson of this  
city, as a boss and head of the dem-  
ocratic machine in Indiana.

Up at Raleigh, which place the  
eastern tourists reached at 1:40  
o'clock the republican meeting was  
held in the shadow of a banner  
stretched across the street advertis-  
ing the democratic meeting tonight,  
when Ferd VanNuy of Indianapolis  
will make a speech. The banner  
consisted of a large flag bearing the  
picture of President Wilson.

Good crowds greeted the tourists  
at both Glenwood and Falmouth, the  
former having the largest number of  
people. Jinnett, Robinson and New  
all spoke at both these places. The  
caravan left Falmouth at 1:15 for  
Raleigh, running about an hour late.

The eastern wing had thirty-three  
machines in the party when they left  
New Salem, where probably the most  
enthusiastic meeting of the east  
side was held. Several others joined  
the party during the trip.

When the western wing of the  
caravan reached Moscow, the first  
stop out of Milroy, there were thirty-  
eight machines in the party, and the  
number increased during the trip  
until there were forty-five in the  
party when they reached Arlington.

The western section was running  
nearer on schedule than the eastern-  
ers. They pulled into Arlington  
shortly after one o'clock and reached  
Carthage by two o'clock.

The speakers in the western part  
of the county were Judge Sparks,  
Comstock and Bush. They were rid-  
ing in Joe Clark's car. Mrs. J. A.  
Shelton, wife of the former trustee  
of Walker township, had a fine  
chicken dinner prepared for the  
speakers when they reached Manilla,  
but they would not take time to eat,  
fearing they would be late. But the  
dinner did not go begging because  
there were plenty of other hungry  
tourists who jumped at the chance  
to get a good meal.

Fair sized crowds were out at  
Homer and Manilla, the two towns  
visited before the crowd reached Ar-  
lington. The Carthage drum corps  
and the boys' drum corps from this  
city accompanied the tourists on the  
west and the Jim Watson drum corps  
went on the eastern route.

## CONSTANZA IS CAPTURED

Roumania's Greatest Seaport is  
Taken by the Germans Today

(By United Press.)  
Berlin, Oct. 23.—Constanza, Rou-  
mania's greatest seaport, has fallen  
before Field Marshall Mackensen's  
armies, it was officially announced  
today.

Capture of the city is the greatest  
single achievement for the central  
powers since Roumania entered  
the war eight weeks ago. The vic-  
tory is hailed by German military  
men as better than all the gains  
made by the allies since the Somme  
offensive began.

Official dispatches from the Ger-  
man and Bulgarian war office indi-  
cate that Russo-Germans have suf-  
fered a disastrous rout.

## ODD FELLOWS NOTICE

from Carthage, with candidates also.  
Every member is urged to attend.

## COMMISSIONERS OF ELECTION MEET

Find That There Will be Four Coun-  
ty Tickets—Social Candidate  
Didn't Get Name In

DECIDE NUMBER OF BALLOTS

The election commissioners held  
their first meeting today to make ar-  
rangements for the election which  
will take place two weeks from to-  
morrow. The commissioners found  
they would have to arrange for four  
county tickets—the republican,  
democratic, progressive and prohibi-  
tion. The socialists have a candi-  
date for joint senator not having  
certified his name to the clerk of  
the court in time to get it on the  
ballot. The progressive ticket goes  
on the ballot as nominated, with the  
exception to the two candidates who  
withdrew—Will A. McCoy of  
Greensburg for joint senator and  
Donald Kiser for county auditor.  
Saturday was the last day for the  
candidates to certify their names to  
the clerk.

Incidentally one of the principal  
things the election commissioners  
have to do is to determine the num-  
ber of ballots which need to be  
printed, and also to decide the num-  
ber of sample ballots which will be  
needed.

## HYPHEN ISSUE IS BROUGHT TO FORE

Democratic Charge That Hughes  
Entered Into Secret Agreement  
is Denied by Willcox

CHEAP ADVERTISING, HE SAYS

(By United Press.)  
New York, Oct. 23.—A second  
statement from the democratic na-  
tional committee quoting a plank  
adopted by the American Independ-  
ent conference following an "agree-  
ment" reached with Charles E.  
Hughes, followed by a challenge  
from republican national chairman,  
Willcox, for the democrats to pro-  
duce such an agreement, set the  
political pot boiling here today with  
the hyphen issue.

To the democratic charge that  
Hughes entered into a "secret agree-  
ment" with the pro-German organi-  
zation, Willcox entered emphatic  
denial and characterized the charges  
as "the cheapest kind of advertising  
in the interest of a lost cause."

The democrats quoted what was  
said to be the plank adopted by the  
American Independent conference,  
calling upon the people to "condemn  
the abject surrender of American  
rights to Mexico and European na-  
tion," and support Hughes.

At republican headquarters a tel-  
egram received from a person who  
was present at the session between  
Hughes and representatives of the  
conference, denying that the repub-  
lican candidate made any promises,  
was exhibited.

## STORM'S TOLL LIKELY 48

Cleveland, O., Oct. 23.—Probable  
toll of Lake Erie's "Black Friday"  
storm jumped to 48 dead today, with  
the arrival of the steamer Matthews  
with three bodies from the founde-  
ered steamer Merida. The captain of  
the Matthews reported that the  
bodies were found 50 miles west of  
Long Point, Ontario. He said that  
another vessel had picked up four  
more bodies, all believed to have  
been from the Merida. The Merida  
carried a crew of 25 and the others  
are still unaccounted for.

## PROH SPECIAL WILL VISIT HERE

Advance Representative Announces  
National Candidates Will Speak  
in Rushville.

ARRIVE AT 4:55 P. M. ON NOV. 4

The Prohibition special train,  
which is touring the country in the  
interest of the Prohibition party,  
will pass through Rushville Saturday  
evening, November 4, and will make  
a stop of a half hour. Hamilton Mer-  
cer, formerly with the Daily Jack-  
sonian here, but now advance repre-  
sentative of the special, announced  
here today.

On the special train making  
speeches in every part of the United  
States are Frank J. Hanly of Indi-  
anapolis, candidate for president;  
Dr. Ira Landrith of Tennessee, candi-  
date for vice president, and Oliver W.  
Stewart of Chicago, the national  
chairman, besides some newspaper  
correspondents.

The train will arrive here over the  
C. I. & W. from Connersville at 4:55  
p. m. on November 4, and will remain  
in Rushville thirty minutes before  
going on to Indianapolis for a night  
meeting. It is not yet determined  
whether the candidates will speak  
from the train or whether a meeting  
will be held on the public square.

## TWELVE DAYS LEFT FOR PAYING TAXES

Average For All to be Collected on  
Fall Installment Must be  
\$15,695 a Day.

MANY ARE PAYING BY MAIL

If all the taxes that are on the tax  
duplicate in Rush county are collect-  
ed, they will have to be paid at the  
rate of \$15,695 a day, according to  
calculations made at the county  
treasurer's office today. Taxes on  
the duplicate amount to \$261,119-  
93, and of that sum \$72,673.37 has  
been paid already on the fall install-  
ment. There remain only twelve days  
in which to pay taxes without being  
delinquent.

The collections Saturday amount-  
ed to \$10,598.38, which is one of the  
best days thus far this season. Deputy  
Treasurer Charles A. Frazee says  
that paying taxes by mail is becom-  
ing more popular every year. It  
saves the taxpayers as well as the  
office force much trouble and incon-  
venience. A large amount of money  
was received by mail this morning.

## RESUME HEARING ON RATES

Public Service Commission Again  
Takes up Case.

(By United Press.)  
Indianapolis, Ind., Oct. 23.—The  
hearing of the public service com-  
mission of the rate case in which In-  
diana carriers and shippers are  
seeking a general readjustment of  
class rates because of discriminatory  
charges, was resumed this morning.

No adjournment was taken in the  
hearing to allow railroads time to  
prepare data showing how much the  
proposed increases in rates would  
add to their revenue.

The railroads are expected to pre-  
sent figures showing the cost of  
handling merchandise and other  
classes of freight. Information re-  
garding expenses at terminals also  
will be presented.

Every member of the Ladies Aid  
society of the Christian church is  
urged to attend the meeting to be  
held in the church parlors tomorrow  
afternoon beginning at 2:30 o'clock.

## WATSON'S VISIT DISTRICT RALLY

His Speech in Richmond Tomorrow  
Night Will be Occasion of Gath-  
ering From Many Counties.

125 AUTOS FROM RANDOLPH

Makes Forty-third Speech at Foun-  
tain Square, Closing Marion  
County Campaign.

What will be the biggest sixth dis-  
trict rally this campaign is being  
planned for tomorrow night when  
James E. Watson will speak at the  
coliseum in Richmond, and extra  
efforts are being made to make it the  
big event in the republican campaign.  
Many republicans in this county have  
received personal letters urging them  
to attend and it is probable that  
many will go.

A dispatch from Winchester, Ind.,  
to the Muncie Press says: from 100  
to 125 automobiles will be pressed  
into service by Randolph county ad-  
mirers of Mr. Watson to carry a de-  
legation to Richmond. Mr. Watson  
was born and reared in Randolph  
county. A parade will be held before  
the meeting.

Mr. Watson made a vigorous cam-  
paign through Marion county last  
week, making his forty-third speech  
in the county when he closed Satur-  
day night with a meeting at Fountain  
Square. The Indianapolis Star says  
that the Red Men's hall was filled to  
overflowing with people.

Although handicapped by hoarse-  
ness, Mr. Watson soon got "warmed  
up," as he expressed it, and for  
nearly two hours he arraigned dem-  
ocratic policies and principles as al-  
together irresponsible and unworthy  
of trust.

"The Democrats tell us that Wil-  
son has kept us out of war," he said  
in part. "How has he kept us out of  
war? On the other hand he got us  
into war with Mexico and then back-  
ed out. He sent 30,000 United States  
soldiers into Mexico to get Villa dead  
or alive. But Villa is not dead—he  
is alive, and we have not got him.  
What excuse has there been for war  
with any European nation? There  
have been international complica-  
tions, it is true, and there never has  
been a time in our history when the  
international sky was clear of com-  
plications. Besides, who wanted to  
go to war? You didn't and I venture  
to say that not a man within the  
hearing of my voice here tonight  
wanted to go to war. Your repre-  
sentative, Merrill Moores, wouldn't  
vote to go to war, and do you think  
for a moment Woodrow Wilson would  
go to war by himself? If Wilson  
were to begin now and try till March  
4, 1917, when he goes out of office,  
he couldn't get us into war with  
Europe."

The speaker then alluded into a  
discussion of Wilson's wabbling pol-  
icy in Mexico, which, he said, has  
created a state of chaos and anar-  
chy, he spoke of the recognition of  
Villa, whom Secretary of War Baker,  
he said, had compared to George  
Washington, as an outrage to the  
memory of the father of this coun-  
try.

Mrs. Louisa Wertz, who lives a  
short distance south of the city, suf-  
fered a slight stroke of paralysis, af-  
fecting her right side in Hogsett's  
store Saturday afternoon. She was  
much improved today and was able  
to be up.

Terre Haute—Discovery that sev-  
enty-five per cent of the pupils of  
the McKee school had infected  
throats led to the closing of the  
school today.

Hartford City—The opening of  
the indoor baseball season will be  
this evening here. M. M. Dunbar,  
Superintendent of schools to be in  
charge.

## VILLISTAS NEAR CHIHUAHUA CITY

Bandits Surround Western Edge of  
Northern Mexico Capital and  
Drive Carranzistas Out.

AN ATTACK IS IMMINENT

General Ozuna, Commanding de Fac-  
to Troops, Reported Killed  
in Saturday's Battle.

El Paso, Texas, Oct. 23.—Villista  
bandits have surrounded the western  
side of Chihuahua City after driving  
the Mexican de facto government  
troops into the outskirts and another  
attack upon the northern Mexico  
capital is believed imminent, declar-  
ed a report reaching United States  
government agents here today.

Verification of this is lacking and  
Carranza officials still insist that de  
facto troops are pursuing the bandits.

El Paso, Texas, Oct. 23.—The  
General Ozuna, commander of the  
expedition of Mexican troops, sent to  
capture Villa, was killed in Satur-  
day's battle with the bandits, his  
command cut to pieces and Colonel  
Salinas, who succeeded to the com-  
mand after Ozuna's death was seri-  
ously wounded, were the reports re-  
ceived here today by agents of the  
United States government.

Large forces of bandits under  
command of Villa were encamped ten  
miles from Chihuahua City last  
night, menacing the largest and best  
fortified city in northern Mexico, ac-  
cording to these reports.

From Mexican official sources no  
verification of these reports was  
available.

## OLD ENGINEER IS OUT FOR HUGHES

William B. Dorsey, Life Long Dem-  
ocrat, Opposed to Wilson Be-  
cause of Adamson Law

WILL CUT HIS WAGES IN TWO

Indianapolis, Ind., Oct. 23.—Wil-  
liam B. Dorsey, 254 North Arsenal  
avenue Indianapolis, the oldest lo-  
comotive engineer in years of service  
on the I. & V. division of the Van-  
dalia railroad, who has been a life-  
long Democrat, called at the Repub-  
lican state committee headquarters  
today and announced that he was  
opposed to the re-election of Pres-  
ident Wilson and that he would vote  
for Charles Evans Hughes for Pres-  
ident. Not only did he promise to  
support Hughes, but he also offered  
to go out among the employees of  
other railroads in the state and give  
his reason for refusing to support  
Wilson.

"I have read the so-called eight-  
hour law," Mr. Dorsey said, "and I  
find that it will cut my wages in two.  
I will not vote for any man that  
does a thing like that. I have been  
an engineer on the Vandalia for  
forty-three years and for the last  
thirty-five years I have had a pas-  
senger run. I finish my run between  
Indianapolis and Vincennes in four  
hours, and I get a full day's pay  
for it. But this new law will allow  
me only four hours' pay for four  
hours' work, and this will cut my  
pay in two. I have read the law and  
understand what it means. If all  
other railroad employees would read  
the law and study its provisions  
they would find out just what it  
means."

J. P. Stech has received word of  
the birth, on October 20, of a baby  
girl, weighing seven pounds, to his  
daughter, Mrs. Ralph Peterson of  
Piqua, O., formerly Miss Harriet  
Stech of this city.

# When the War Ends What Then— REPUBLICAN PROSPERITY or Democratic Times Like 1913?

End the war must, and the country will again be at the mercy of the Democratic tariff unless it PREPARES by returning the Republican party victor at the November election

When the war ends twelve million men will return from the trenches to the farms, mines and factories of Europe—to the work of production. Under the Underwood tariff the goods they produce will flood the American market thereby crippling the American manufacturer as they did before the war. Millions of American workmen will then be in danger of losing their jobs.

## WHO WILL PROTECT YOUR JOB, IF YOU DON'T?

You remember the tough times just before the war? Wilson had been in office nearly two years. The Underwood Tariff had been in effect ten months. RESULT—

**WHEN THE WAR IS OVER—WHAT?** Under a Republican administration and a Republican Tariff your job wont depend on war orders. Republican Prosperity is basic, fundamental, permanent prosperity, founded on a sound Protective Tariff. Republican Economic Policies added to the national wealth in fifty years three times more than England increased her wealth in 500 years. When you cast your vote on November 7th will it be for the proved results of a half century of Republican Protective Tariff, or for the proved results of ten months of the Underwood "Revenue-Only" Tariff before the war?

## YOUR CHOICE IS VITAL—WHICH SHALL IT BE?

Protection in your job, in your opportunity for work in the face of the renewed and heavily reinforced competition of the cheaper labor of Europe is the prime necessity for you. No other issue of this campaign touches you at such a vital point. While men are being killed or maimed in the trenches the women of England, France and Germany are pouring into the shops by millions to take their places and there they will remain. The productive energies of Europe will be nearly doubled when the war ends. And women's labor is CHEAP LABOR, cheaper even than that of the lowest paid men of the era before the war.

Unless the changed conditions of this new day are met at Washington by men of wisdom—men instructed in the gospel of protection, believing in it with all their souls, and trained by past experience in the construction of economic defenses—unless your vote sends "Friends of the Tariff" to Washington, your own job, your own opportunity for labor, the profits of your own industry will be imperilled on the day that peace dawns in Europe.

The only way you can protect and insure your job against the return of the dark days before the war—when the Democratic Tariff Law was operating on its merits—is to vote the Republican Ticket on Nov. 7th

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

You can make those yellow clothes white with Red Cross Ball Blue. All grocers.

—after you clean them.

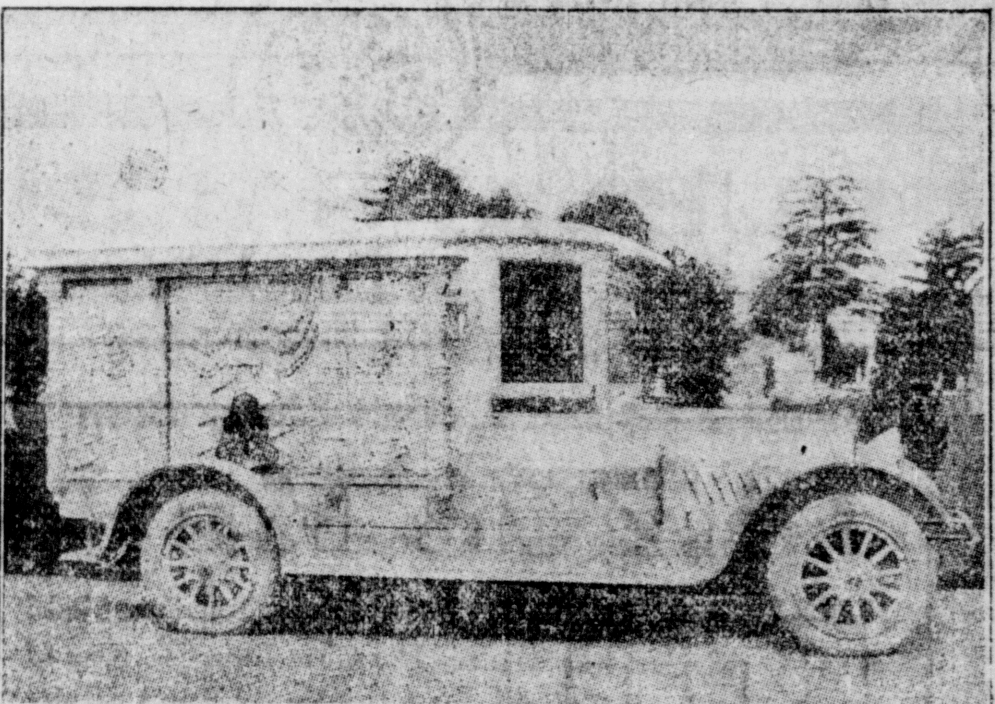

You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIFRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where germ-laden tartar is present.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.

Avoid Pyorrhea and decay. Get Senreco from your dealer today. In large tubes, 25c. Send 4c to Senreco, 304 Walnut Street, Cincinnati, Ohio, for liberal-sized trial package.

PLEASANT A. NEWHOUSE

There's a Reason.

The friends of Secretary Baker insist that in adopting a resolution severely censuring the Secretary of War for likening the heroes of the American Revolution to the Mexican marauders and charging them with the same crimes as those bandits have committed, the New York Society of the Sons of the American Revolution has done an injustice to Mr. Baker. They point out that Mr. Baker is rather new in the cabinet and that he naturally has accepted the word of his master, President Wilson, as to the character and virtues of the Mexicans, and that Mr. Wilson has all along insisted that, regardless of their murders and rapine and outraging of women, the Mexicans were unselfish patriots; that they committed their unspeakable crimes not to gratify their own desires but merely to advance the great cause of progress and revolution which Mr. Wilson has so often extravagantly lauded. And as for the character of the American revolutionists, it is pointed out that Mr. Wilson is a far greater historian than Mr. Baker and that he has doubtless misled his Secretary of War as to the true character and practices of the Revolutionary he-

roes, inducing him to believe that it was the common practice of the heroes of Valley Forge to loot churches, assault ministers of the gospel and perpetrate other crimes.

## Hughes' Policy.

We do not propose to tolerate any improper interference with American commerce, with American mails, or with legitimate commercial intercourse. We do not propose to tolerate that any American who is exercising only American rights shall be put on any blacklist by any foreign nation. We propose to protect and American trade, according to American lives, American property our just rights under international law.

And I say in Philadelphia what I said in Milwaukee, that we have no intrigues, no unstated purposes, no secret understandings. We stand for the interests of the United States, and its interests alone, four-square to the world, first, last and all the time.

Now, that is not a policy of war. That is a policy of peace.—Statement made by Governor Hughes in his address in Philadelphia on October 9th.

## Constructive Program.

"It is charged that I am destructive and not constructive. It is not rights? Is it not constructive to preserve our peace by adequate preparedness? Is it not constructive to apply the doctrine of a protective Tariff? Is it not constructive to have efficiency in administration?"

"My friends, we are destructive only in order to lay the basis for constructive work which we promise to do for the benefit of the American people."—Hughes, at Kansas City, Sept. 1.

There has been some complaint about rain hindering corn gathering. But at least it keeps the leaves from blowing back over the yard after the man of the house has carefully raked them into nice piles. That's the optimist's viewpoint.

The favorite outdoor sport in England is shooting down Zeppelins, which will have about as much effect on the ultimate outcome of the war as will the sending of Zeppelins to England have.

Senators Taggart and Kern are making a good arm-in-arm campaign. They never lose sight of one another.

## INDIGNATION IS DEEPLY AROUSED

Country Feels Keenest Resentment at Comparison of Bandits to American Patriots.

### BAKER'S STATEMENT BASIS

Organizations Like D. A. R. and Sons of Veterans Condemn Utterance in Meetings.

Chicago, Oct., 23.—Nothing that has been uttered in the campaign, not even excepting President Wilson's "Too Proud to Fight" utterance seems to have aroused the indignation which has the expression of Newton D. Baker, Secretary of War, made in a speech delivered at St. Patrick's Theatre in Jersey City. Reports coming into Chicago from various parts of the West indicate that the words uttered by Mr. Baker have aroused the keenest indignation. Mr. Baker compared the Patriot Army which followed George Washington with the murderers and rapists who have followed Villa and Carranza in Mexico, and who have made that country a shame to civilization. Here is what Secretary Baker is quoted as having said:

"I know that the Mexicans do not respect American life and property. I know that they do not pay their debts; that they are ragamuffins; that they desecrate church property; that their money is no good, and that they are generally worthless.

"But people never respect these things in revolutions. We did not respect them in our civil war. Washington's soldiers in the march to Valley Forge stole everything they could lay their hands on; took the silver vessels out of the churches and sold them to buy drink. They drove ministers out of the churches. Their money was worthless and they were just as bad characters as the Mexicans."

Organizations like the Sons of Veterans, Sons of the American Revolution, and Daughters of the American Revolution, are condemning the utterance in public meetings. Among those who have voiced their opinion of Mr. Baker's slanderous language are:

Harold L. Ickes, member of the western campaign committee of the Republican National Organization, who said:

"Newton D. Baker, President Wilson's Secretary of War, has at last taken the public into confidence of the administration. The American people have wondered during these last few years at the high regard in which Mr. Wilson and the government have held Mr. Villa. Citizens of this country generally have looked up this gentleman as a bandit of the worst type, whose daily pursuits have been murder and rapine. Now, Mr. Baker, in an address, tells us we are all wrong, that Mr. Villa's band of brigands are patriots.

"He compares these gentlemen with our forefathers who fought under Washington through the long trying years when we were winning our freedom from Great Britain. Washington's patriotic soldiers, according to Mr. Baker, were men of the same kidney as Villa's bandits. I suppose that, therefore, Mr. Baker would have us conclude that we ought to be glad of the opportunity to have the Villistas destroy American property, take Americans from the train in which they were riding under the safe conduct of the Mexican government, strip them, stand them up and shoot them and mutilate their bodies and outrage American women.

"Could this campaign on the Democratic side become more degraded?"

James R. Garfield, former Secretary of the Interior and Progressive Leader of Ohio, said:

"The statement of Secretary of War, Baker, that 'armies always pillage' is interesting. Does he mean to tell us that the army which he has sent into Mexico is pillaging? By his inept comparison of the Mexican troopers to our revolutionary soldiers, does he mean to imply that our revolutionary soldiers were guilty of murder of men, women and children?"

"The Secretary seems to forget that the crimes against American ci-

tizens, which have been committed in Mexico, are crimes of the most atrocious character against persons, and yet the administration of which it is a part, is endeavoring to take the attention of our countrymen away from those facts and make them believe that only property interests are involved in Mexico.

"The suggestion that our revolutionary troops are to be properly compared with the Mexican troops who have committed outrages, is about as inept as is the comparison which Democracy seeks to make between Lincoln and the President."

Willett M. Spooner, son of former United States Senator Spooner, and Chairman of the Wisconsin branch of the National Security League, has expressed the indignation of Wisconsin people.

"To say that Baker's statements," says Mr. Spooner, "has cost the administration many friends in Wisconsin is putting it mildly. The general opinion is that the incident will cost Wilson thousands of votes. It would be interesting to know if Mr. Baker reflects the opinion of President Wilson." Concluding Mr. Spooner said:

"Blaine had his Burchard; Wilson his Baker. Reports from all over the east indicate an equal feeling of indignation."

Resolutions denouncing Secretary of War Baker for his remarks were introduced in the session of the State Daughters of the American Revolution, which is on in Philadelphia. "To cast a slur on the deathless heroism of the soldiers of revolutionary days," said Mrs. Irwin Fisher, Regent of Valley Forge Chapter, "seems to be far from wise, and certainly unpatriotic."

## DONNAN CLASS MEETS

Perhaps the most striking feature of the excellent talk given Saturday afternoon by Miss Donnann was the collection of worthwhile and original quotations she had gleaned from Sam Butler's Book "The Way of All Flesh." "He has spent his life best who has enjoyed it most. God will take care of us that we do not enjoy it too much;" "Judge not a man by what he has done but by what he is able to do;" "Wisdom cannot be got for gold but neither can it be got without it;" "Everyone knows the only thing worth struggling for is the kingdom of God."

These were only a few of the bits of philosophy given by Miss Donnann Saturday afternoon when the Donnann class was reorganized for the winter at the meeting held at the home of Miss Henrietta Colman. The next meeting will be November 11th at the home of Mrs. Jane Kincaid after which the meetings will be held regularly every two weeks. At that time Miss Donnann will talk on another "Rediscovered writer," W. H. Hudson, especially dealing with his book "Green Mansions." Too, she will touch on Mrs. Deland's, "The Rising Tide."

Miss Donnann, who has been east this summer enjoying a course in literature, seemed to be more than ever captivating as she talked and read in her own inimitable style at the meeting Saturday afternoon. In a short sketch of the writer, Sam Butler she told that until recently his work had never been appreciated and not until the re-publication of "The Way of All Flesh," did people realize that he was far ahead of his time. In the first place, he was brought to partial fame through his writing "Ere Whon" published in 1872 anonymously. Although he started writing his book "The Way of All Flesh," he rambled on with it not finishing for a number of years. His request on his death bed in 1902 was that it be published. Within the past few years it has been published again, "His enemies have said that he was irreligious because he satirized with the mid-Victorian church habits," but said Miss Donnann, "People that cannot have a little fun poked at them do not amount to very much anyway" as she went on by giving several quotations from his books to prove that he was not irreligious. She proved too he was a very deep thinker and searched out the truths of the soul, knowing mankind. He rightly said "Very few know how they really thing and feel. We are so hemmed in by conventionalities and conditions that we merely accept without searching out facts."

"Butler's life in many ways is re-lived in the life of the hero of 'The Way of All Flesh,'" said Miss Donnann before giving a very interesting review of the book. It traces the history of four generations of the Pontifex family. "You might think that one son might profit by the mistakes of his father in raising children, but each son went on telling his children in the same grouchy way 'how grateful he ought to be for all that was done for him, and threatening to leave him out of the will at every mistake a son might make.'" She gives a short insight into the life of each of the principal characters. Theobald, the third of the generations dealt with in the story, becomes a curate and by clever planning on the part of the family of Christina, marries her.

Their son, Ernest, is the hero of the story and is in many ways like the author. The devotion of his aunt, Alethia, is unlike any family love that has been taught him. She, at her death, leaves him her fortune when he reaches twenty-eight. He does not know of this legacy, and after being unsuccessful as a curate, starts a second hand store. There he renews the acquaintance of a maid who had been in their home for a number of years and marries her. After several happy years of married life, he finds that she is a habitual drunkard and her habit is coming back to her. When he has reached the point where we think he cannot stand it any longer, he finds that she has been formerly married

## WONDERFUL TALE OF AN ACTRESS

Struggled with Sickness and Discouragement; How Relieved.

Dayville, Killingly, Conn.—“I shall be glad to have every woman know what I know now, after using Lydia E. Pinkham's Vegetable Compound. Although I am only 24 years old, I have suffered for the past eight years. I hated the doctors, for a doctor told me to give up the stage where I was playing with my husband.

I had bearing down pains, my health failed me, and I could not work on the stage, and wasn't able to tend my baby or even get around myself. I was always downhearted and discontented with the world, and only lived for the sake of my little girl. The doctor said to move to some quiet little town away from the noisy city, and I might be able to live and feel well, so I went to Dayville in November. At that time I was so sick I could not walk around, and my husband kept house and I stayed in bed. One day in January I read your advertisement in a newspaper, and I sent for Lydia E. Pinkham's Vegetable Compound, and started taking it. Within two weeks time I was a different woman, could get around, and felt so good that it was a pleasure to do my housework. I felt contented and happy, and now am the picture of health, and am tempted to return to the stage. We appreciate my health as the most precious thing on earth.”—Mrs. H. L. KLENNETT, Box 85, Killingly, Conn.

## SUPREME COURT HAS BIG TASK

Almost 700 Cases Are on Docket Which Involve Whole Economic Structure of Country.

## PROMISES BUSY SESSION

For First Time Since 1914 The Court Has Full Bench—Two, However Can't Serve.

(By United Press.)

Washington, Oct. 23.—Faced by something like 700 cases involving the whole economic structure of the country, the nine judges constituting the United States Supreme court today are grinding out decisions in what jurists expect to be one of the most memorable sessions in the history of the court.

Among the questions the court has to decide are:

Are trusts of any sort legal?

Are workmen's compensation laws constitutional?

Are "blue sky" laws regulating capitalization of corporations constitutional?

Is the new organic army law constitutional?

Can the United States under existing treaties give a 5 per cent tariff discount to foreign goods reaching these shores in American vessels?

And 600 odd others.

For the first time since 1914, the court is sitting with a full bench, due to the addition of Associate Justices Brandeis and Clarke. This will enable the court to decide many cases considered too important to be decided by the depleted bench last year.

A difficulty is that Associate Justice McReynolds, former Attorney General can not sit in any of the government cases that originated on were on the calendar when he was directing the government's legal business. And Mr. Brandeis can't sit in any of the cases involving workmen's compensation or in many of the trust cases in which he was counsel.

On the court's decision in the Harvester and United States Steel cases depends the whole future of the economic system of the country, according to attorneys. These cases will bring up for the first time the question whether a "good" trust—not one accused of unfair competition—is permissible. They are considered the most important trust cases of history—far more important than the Tobacco trust and Standard Oil cases.

The Reading or anthracite coal case will tell whether the alleged coal monopoly shall be broken; the Pennsylvania railroad case whether the Interstate Commerce Commission has the power to order railroads to furnish additional equipment; the divisor cases will dispose of \$40,000,000 in litigation between the government and railroads over the old railway mail pay cases; and the 5 per cent tariff discount case will test the validity of many trade treaties this country has.

SEVEN SPEAKERS ON TOUR

New Says if Republican Had Been  
President, Baker Would Have  
Been Asked to Resign

By actual count, sixty-three auto-  
mobiles, with one or two exceptions  
filled to capacity, left Rushville this  
morning at 9:30 o'clock on the tour  
of the county which the republicans  
are making today. There were a few  
stragglers which left afterwards and  
expected to catch up with the crowd.

Republican enthusiasm was ramp-  
ant, amid flying flags and the blan-  
tiant beatings of the members of the  
three drum corps, as the caravan of  
automobiles sped out of Rushville  
for Milroy where the first meeting  
was held at ten o'clock, according to  
schedule. There the motorists ar-  
rived, half going up the eastern side  
of the county and half the western.

The closing meeting of the tour  
was held at Carthage where the car-  
avan met again, and then proceeded  
to Rushville for the speaking tonight  
at the Graham Annex auditorium. An  
automobile parade will precede the  
night meeting.

The principal address will be  
made tonight by Congressman W. E.  
Humphrey of the state of Washing-  
ton, and following his address there  
will be shown a moving picture deal-  
ing with state and national issues of  
the campaign. Aside from the polit-  
ical viewpoint, the picture is of  
immense value and extremely inter-  
esting.

Speakers on the tour today in-  
cluded Harry S. New, candidate for  
United States senator; D. W. Com-  
stock of Richmond, candidate for  
congress; Edgar Bush of Salem,  
candidate for lieutenant-governor;  
Arthur R. Robinson of Indianapolis;  
W. R. Jinnett, candidate for the  
legislature; Judge Will M. Sparks;  
Lem P. Dobyms, candidate for joint  
senator, and Tom Davidson of  
Greensburg.

Ripley township revealed where it  
stands in the campaign when it came  
down about nine o'clock with a de-  
legation of eighteen automobiles from  
Carthage and vicinity ready to make  
the tour which ended with the big-  
gest meeting of the day in their  
town.

Ninety-six automobiles rolled into  
Carthage when the two divisions of  
the caravan which split at Milroy  
joined this afternoon about three  
o'clock. A large platform was erect-  
ed in the street at the main corner in  
Carthage.

The business section of Carthage  
was full of people for the meeting,  
and the speakers were frequently  
applauded. All of them made short  
talks.

A large crowd was on hand at  
Milroy awaiting the arrival of the  
tourists. The main street of Milroy  
was jammed with automobiles. Short  
speeches were made there and the  
caravan split, about half going the  
east route and half the west. At  
Milroy, New, Bush, Comstock, Jin-  
nett and Dobyms spoke.

Of special significance was the as-  
sertion of Harry S. New at New  
Salem, when he said that if a re-  
publican president had been in the  
white house when Secretary of War  
Baker compared Washington and his  
revolutionary heroes to the bandits  
of Mexico, Baker's resignation would  
have been demanded at once.

On the eastern tour the speakers

were New, Arthur Robinson, W. R.  
Jinnett and Lem Dobyms, with the  
bulk of the talking falling on the  
shoulders of Mr. Robinson, who was  
a candidate for the republican nom-  
ination for United States senator in  
the primary. Mr. Robinson fre-  
quently alluded to Tom Taggart, op-  
ponent of James E. Watson of this  
city, as a boss and head of the dem-  
ocratic machine in Indiana.

Up at Raleigh, which place the  
eastern tourists reached at 1:40  
o'clock, the republican meeting was  
held in the shadow of a banner  
stretched across the street advertis-  
ing the democratic meeting tonight,  
when Ferd VanNuy of Indianapolis  
will make a speech. The banner  
consisted of a large flag bearing the  
picture of President Wilson.

Good crowds greeted the tourists  
at both Glenwood and Falmouth, the  
former having the largest number of  
people. Jinnett, Robinson and New  
all spoke at both these places. The  
caravan left Falmouth at 1:15 for  
Raleigh, running about an hour late.

The eastern wing had thirty-three  
machines in the party when they left  
New Salem, where probably the most  
enthusiastic meeting of the east  
side was held. Several others joined  
the party during the trip.

When the western wing of the  
caravan reached Moscow, the first  
stop out of Milroy, there were thirty-  
eight machines in the party, and the  
number increased during the trip  
until there were forty-five in the  
party when they reached Arlington.

The western section was running  
nearer on schedule than the eastern-  
ers. They pulled into Arlington  
shortly after one o'clock and reach-  
ed Carthage by two o'clock.

The speakers in the western part  
of the county were Judge Sparks,  
Comstock and Bush. They were rid-  
ing in Joe Clark's car. Mrs. J. A.  
Shelton, wife of the former trustee  
of Walker township, had a fine  
chicken dinner prepared for the  
speakers when they reached Manilla,  
but they would not take time to eat,  
fearing they would be late. But the  
dinner did not go begging because  
there were plenty of other hungry  
tourists who jumped at the chance  
to get a good meal.

Fair sized crowds were out at  
Homer and Manilla, the two towns  
visited before the crowd reached Ar-  
lington. The Carthage drum corps  
and the boys' drum corps from this  
city accompanied the tourists on the  
west and the Jim Watson drum corps  
went on the eastern route.

## CONSTANZA IS CAPTURED

Roumania's Greatest Seaport is  
Taken by the Germans Today

(By United Press.)  
Berlin, Oct. 23.—Constanza, Rou-  
mania's greatest seaport, has fallen  
before Field Marshall Mackensen's  
armies, it was officially announced  
today.

Capture of the city is the greatest  
single achievement for the central  
powers since Roumania entered the  
war eight weeks ago. The victo-  
ry is hailed by German military  
men as better than all the gains  
made by the allies since the Somme  
offensive began.

Official dispatches from the Ger-  
man and Bulgarian war office indi-  
cate that Russo-Germans have suf-  
fered a disastrous rout.

## ODD FELLOWS NOTICE

Franklin lodge No. 35,  
will have the first degree  
Wednesday night on a class of four  
candidates. Visitors will be present  
from Carthage, with candidates also.  
Every member is urged to attend.

## COMMISSIONERS OF ELECTION MEET

Find That There Will be Four Coun-  
ty Tickets—Social Candidate  
Didn't Get Name In

DECIDE NUMBER OF BALLOTS

The election commissioners held  
their first meeting today to make ar-  
rangements for the election which  
will take place two weeks from to-  
morrow. The commissioners found  
they would have to arrange for four  
county tickets—the republican,  
democratic, progressive and prohibi-  
tion. The socialists have a candi-  
date for joint senator not having  
certified his name to the clerk of  
the court in time to get it on the  
ballot. The progressive ticket goes  
on the ballot as nominated, with the  
exception to the two candidates who  
withdrew—Will A. McCoy of  
Greensburg for joint senator and  
Donald Kiser for county auditor.  
Saturday was the last day for the  
candidates to certify their names to  
the clerk.

Incidentally one of the principal  
things the election commissioners  
have to do is to determine the num-  
ber of ballots which need to be  
printed, and also to decide the num-  
ber of sample ballots which will be  
needed.

## HYPHEN ISSUE IS BROUGHT TO FORE

Democratic Charge That Hughes  
Entered Into Secret Agreement  
is Denied by Willcox

CHEAP ADVERTISING, HE SAYS

(By United Press.)  
New York, Oct. 23.—A second  
statement from the democratic na-  
tional committee quoting a plank  
adopted by the American Independ-  
ent conference following an "agree-  
ment" reached with Charles E.  
Hughes, followed by a challenge  
from republican national chairman,  
Willcox, for the democrats to pro-  
duce such an agreement, set the po-  
litical pot boiling here today with  
the hyphen issue.

To the democratic charge that  
Hughes entered into a "secret agree-  
ment" with the pro-German organi-  
zation, Willcox entered emphatic  
denial and characterized the charges  
as "the cheapest kind of advertising  
in the interest of a lost cause."

The democrats quoted what was  
said to be the plank adopted by the  
American Independent conference,  
calling upon the people to "condemn  
the abject surrender of American  
rights to Mexico and European na-  
tions," and support Hughes.

At republican headquarters a tel-  
egram received from a person who  
was present at the session between  
Hughes and representatives of the  
conference, denying that the repu-  
blican candidate made any promises,  
was exhibited.

## STORM'S TOLL LIKELY 48

Cleveland, O., Oct. 23.—Probable  
toll of Lake Erie's "Black Friday"  
storm jumped to 48 dead today, with  
the arrival of the steamer Matthews  
with three bodies from the founde-  
red steamer Merida. The captain of  
the Matthews reported that the  
bodies were found 50 miles west of  
Long Point, Ontario. He said that  
another vessel had picked up four  
more bodies, all believed to have  
been from the Merida. The Merida  
carried a crew of 25 and the others  
are still unaccounted for.

## PROHIBITION SPECIAL WILL VISIT HERE

Advance Representative Announces  
National Candidates Will Speak  
in Rushville.

ARRIVE AT 4:55 P. M. ON NOV. 4

The Prohibition special train,  
which is touring the country in the  
interest of the Prohibition party,  
will pass through Rushville Saturday  
evening, November 4, and will make  
a stop of half hour, Hamilton Mer-  
cer, formerly with the Daily Jack-  
sonian here, but now advance repre-  
sentative of the special, announced  
here today.

On the special train making  
speeches in every part of the United  
States are Frank J. Hanly of Indi-  
anapolis, candidate for president;  
Dr. Ira Landrith of Tennessee, candi-  
date for vice president, and Oliver W.  
Stewart of Chicago, the national  
chairman, besides some newspaper  
correspondents.

The train will arrive here over the  
C. I. & W. from Connersville at 4:55  
p. m. on November 4, and will remain  
in Rushville thirty minutes before  
going on to Indianapolis for a night  
meeting. It is not yet determined  
whether the candidates will speak  
from the train or whether a meeting  
will be held on the public square.

## TWELVE DAYS LEFT FOR PAYING TAXES

Average For All to be Collected on  
Fall Installment Must be  
\$15,695 a Day.

MANY ARE PAYING BY MAIL

If all the taxes that are on the tax  
duplicate in Rush county are collect-  
ed, they will have to be paid at the  
rate of \$15,695 a day, according to  
calculations made at the county  
treasurer's office today. Taxes on  
the duplicate amount to \$261,119.  
93, and of that sum \$72,673.37 has  
been paid already on the fall install-  
ment. There remain only twelve days  
in which to pay taxes without being  
delinquent.

The collections Saturday amount-  
ed to \$10,598.38, which is one of the  
best days thus far this season. De-  
puty Treasurer Charles A. Frazee says  
that paying taxes by mail is becom-  
ing more popular every year. It  
saves the taxpayers as well as the  
office force much trouble and incon-  
venience. A large amount of money  
was received by mail this morning.

## RESUME HEARING ON RATES

Public Service Commission Again  
Takes up Case.

(By United Press.)  
Indianapolis, Ind., Oct. 23.—The  
hearing of the public service com-  
mission of the rate case in which In-  
diana carriers and shippers are  
seeking a general readjustment of  
class rates because of discriminatory  
charges, was resumed this morning.

No adjournment was taken in the  
hearing to allow railroads time to  
prepare data showing how much the  
proposed increases in rates would  
add to their revenue.

The railroads are expected to pre-  
sent figures showing the cost of  
handling merchandise and other  
classes of freight. Information re-  
garding expenses at terminals also  
will be presented.

Every member of the Ladies Aid  
society of the Christian church is  
urged to attend the meeting to be  
held in the church parlors tomorrow  
afternoon beginning at 2:30 o'clock.

## WATSON'S VISIT DISTRICT RALLY

His Speech in Richmond Tomorrow  
Night Will be Occasion of Gath-  
ering From Many Counties.

125 AUTOS FROM RANDOLPH

Makes Forty-third Speech at Foun-  
tain Square, Closing Marion  
County Campaign.

What will be the biggest sixth dis-  
trict rally this campaign is being  
planned for tomorrow night when  
James E. Watson will speak at the  
coliseum in Richmond, and extra  
efforts are being made to make it the  
big event in the republican campaign.  
Many republicans in this county have  
received personal letters urging them  
to attend and it is probable that  
many will go.

A dispatch from Winchester, Ind.,  
to the Muncie Press says: from 100  
to 125 automobiles will be pressed  
into service by Randolph county ad-  
mirers of Mr. Watson to carry a de-  
legation to Richmond. Mr. Watson  
was born and reared in Randolph  
county. A parade will be held before  
the meeting.

Mr. Watson made a vigorous cam-  
paign through Marion county last  
week, making his forty-third speech  
in the county when he closed Satur-  
day night with a meeting at Fountain  
Square. The Indianapolis Star says  
that the Red Men's hall was filled to  
overflowing with people.

Although handicapped by hoarse-  
ness, Mr. Watson soon got "warmed  
up," as he expressed it, and for  
nearly two hours he arraigned Demo-  
cratic policies and principles as al-  
together irresponsible and unworthy  
of trust.

"The Democrats tell us that Wil-  
son has kept us out of war," he said  
in part. "How has he kept us out of  
war? On the other hand he got us  
into war with Mexico and then back-  
ed out. He sent 30,000 United States  
soldiers into Mexico to get Villa dead  
or alive. But Villa is not dead—he  
is alive, and we have not got him.  
What excuse has there been for war  
with any European nation? There  
have been international complica-  
tions, it is true, and there never has  
been a time in our history when the  
international sky was clear of com-  
plications. Besides, who wanted to  
go to war? You didn't and I venture  
to say that not a man within the  
hearing of my voice here tonight  
wanted to go to war. Your repre-  
sentative, Merrill Moores, wouldn't  
vote to go to war, and do you think  
for a moment Woodrow Wilson would  
go to war by himself? If Wilson  
were to begin now and try till March  
4, 1917, when he goes out of office,  
he couldn't get us into war with  
Europe."

The speaker then alluded to a  
discussion of Wilson's wabbling po-  
lity in Mexico, which, he said, has  
created a state of chaos and an-  
archy, he spoke of the recognition of  
Villa, whom Secretary of War Baker,  
he said, had compared to George  
Washington, as an outrage to the  
memory of the father of this coun-  
try.

Mrs. Louisa Wertz, who lives a  
short distance south of the city, suf-  
fered a slight stroke of paralysis, af-  
fecting her right side in Hogsett's  
store Saturday afternoon. She was  
much improved today and was able  
to be up.

Terre Haute—Discovery that sev-  
enty-five per cent of the pupils of  
the McKeen school had infected  
throats led to the closing of the  
school today.

Hartford City—The opening of  
the indoor baseball season will be  
this evening here. M. M. Dunbar,  
superintendent of schools, to be in  
charge.

## VILLISTAS NEAR CHIHUAHUA CITY

Bandits Surround Western Edge of  
Northern Mexico. Capital and  
Drive Carranzistas Out.

AN ATTACK IS IMMINENT

General Ozuna, Commanding de Fac-  
to Troops, Reported Killed  
in Saturday's Battle.

El Paso, Texas, Oct. 23.—Villista  
bandits have surrounded the western  
side of Chihuahua City after driving  
the Mexican de facto government  
troops into the outskirts and another  
attack upon the northern Mexico  
capital is believed imminent, declar-  
ed a report reaching United States  
government agents here today.

Verification of this is lacking and  
Carranza officials still insist that de  
facto troops are pursuing the bandits.

El Paso, Texas, Oct. 23.—The  
General Ozuna, commander of the  
expedition of Mexican troops, sent to  
capture Villa, was killed in Satur-  
day's battle with the bandits, his  
command cut to pieces and Colonel  
Salinas, who succeeded to the com-  
mand after Ozuna's death was ser-  
iously wounded, were the reports re-  
ceived here today by agents of the  
United States government.

Large forces of bandits under  
command of Villa were encamped ten  
miles from Chihuahua City last  
night, menacing the largest and best  
fortified city in northern Mexico, ac-  
cording to these reports.

From Mexican official sources no  
verification of these reports was  
available.

## OLD ENGINEER IS OUT FOR HUGHES

William B. Dorsey, Life Long Dem-  
ocrat, Opposed to Wilson Be-  
cause of Adamson Law

WILL CUT HIS WAGES IN TWO

Indianapolis, Ind., Oct. 23.—Wil-  
liam B. Dorsey, 254 North Arsenal  
avenue Indianapolis, the oldest lo-  
cative engineer in years of service  
on the I. & V. division of the Van-  
dalia railroad, who has been a life-  
long Democrat, called at the Repub-  
lican state committee headquarters  
today and announced that he was  
opposed to the re-election of Pres-  
ident Wilson and that he would vote  
for Charles Evans Hughes for Pres-  
ident. Not only did he promise to  
support Hughes, but he also offered  
to go out among the employees of  
other railroads in the state and give  
his reason for refusing to support  
Wilson.

"I have read the so-called eight-  
hour law," Mr. Dorsey said, "and I  
find that it will cut my wages in two.  
I will not vote for any man that  
does a thing like that. I have been  
an engineer on the Vandalia for  
forty-three years and for the last  
thirty-five years I have had a pas-  
senger run. I finish my run between  
Indianapolis and Vincennes in four  
hours, and I get a full day's pay  
for it. But this new law will allow  
me only four hours' pay for four  
hours' work, and this will cut my  
pay in two. I have read the law and  
understand what it means. If all  
other railroad employes would read  
the law and study its provisions  
they would find out just what it  
means."

J. P. Stech has received word of  
the birth, on October 20, of a baby  
girl, weighing seven pounds, to his  
daughter, Mrs. Ralph Peterson of  
Piqua, O., formerly Miss Harriet  
Stech of this city.

# When the War Ends What Then— REPUBLICAN PROSPERITY or Democratic Times Like 1913?

End the war must, and the country will again be at the mercy of the Democratic tariff unless it PREPARES by returning the Republican party victor at the November election

When the war ends twelve million men will return from the trenches to the farms, mines and factories of Europe—to the work of production.

Under the Underwood tariff the goods they produce will flood the American market thereby crippling the American manufacturer, as they did before the war. Millions of American workmen will then be in danger of losing their jobs.

## WHO WILL PROTECT YOUR JOB, IF YOU DON'T?

You remember the tough times just before the war? Wilson had been in office nearly two years. The Underwood Tariff had been in effect ten months. RESULT—

189,866 Idle Men in Chicago. 472,000 Idle Men in New York  
175,000 Idle Men in Philadelphia. 61,000 Idle Men in Cleveland  
25,000 Idle Men in Indianapolis

WHEN THE WAR IS OVER—WHAT? Under a Republican administration and a Republican Tariff your job won't depend on war orders.

Republican Prosperity is basic, fundamental, permanent prosperity, founded on a sound Protective Tariff. Republican Economic Policies added to the national wealth in fifty years three times more than England increased her wealth in 500 years. When you cast your vote on November 7th will it be for the proved results of a half century of Republican Protective Tariffs, or for the proved results of ten months of the Underwood “Revenue-Only” Tariff before the war?

## YOUR CHOICE IS VITAL—WHICH SHALL IT BE?

Protection in your job, in your opportunity for work in the face of the renewed and heavily reinforced competition of the cheaper labor of Europe is the prime necessity for you. No other issue of this campaign touches you at such a vital point. While men are being killed or maimed in the trenches the women of England, France and Germany are pouring into the shops by millions to take their places and there they will remain. The productive energies of Europe will be nearly doubled when the war ends. And women's labor is CHEAP LABOR, cheaper even than that of the lowest paid men of the era before the war.

Unless the changed conditions of this new day are met at Washington by men of wisdom—men instructed in the gospel of protection, believing in it with all their souls, and trained by past experience in the construction of economic defenses—unless your vote sends “Friends of the Tariff” to Washington, your own job, your own opportunity for labor, the profits of your own industry will be imperilled on the day that peace dawns in Europe.

The only way you can protect and insure your job against the return of the dark days before the war—when the Democratic Tariff Law was operating on its merits—is to vote the Republican Ticket on Nov. 7th

## BAD BREATH

Dr. Edwards' Olive Tablets Get at  
the Cause and Remove It

Dr. Edwards' Olive Tablets, the sub-  
stitute for calomel, act gently on the  
bowels and positively do the work.

People afflicted with bad breath find  
quick relief through Dr. Edwards'  
Olive Tablets. The pleasant, sugar-  
coated tablets are taken for bad breath  
by all who know them.

Dr. Edwards' Olive Tablets act gen-  
tly but firmly on the bowels and liver,  
stimulating them to natural action,  
clearing the blood and gently purifying  
the entire system. They do that which  
dangerous calomel does without any of  
the bad after effects.

All the benefits of nasty, sickening,  
gripping cathartics are derived from Dr.  
Edwards' Olive Tablets without grip-  
ing, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the  
formula after seventeen years of prac-  
tice among patients afflicted with bowel  
and liver complaint with the attendant  
bad breath.

Dr. Edwards' Olive Tablets are pure-  
ly a vegetable compound mixed with  
olive oil; you will know them by their  
olive color. Take one or two every  
night for a week and note the effect.  
10c and 25c per box. All druggists.

You can make those yellow cloth-  
es white with Red Cross Ball Blue.  
All grocers.

You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIFRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where germ-laden tartar is present.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.

Avoid Pyorrhea and decay. Get Senreco from your dealer today. In large tubes, 25c. Send 4c to Senreco, 304 Walnut Street, Cincinnati, Ohio, for liberal-sized trial package.

#### There's a Reason.

The friends of Secretary Baker insist that in adopting a resolution severely censuring the Secretary of War for likening the heroes of the American Revolution to the Mexican marauders and charging them with the same crimes as those bandits have committed, the New York Society of the Sons of the American Revolution has done an injustice to Mr. Baker. They point out that Mr. Baker is rather new in the cabinet and that he naturally has accepted the word of his master, President Wilson, as to the character and virtues of the Mexicans, and that Mr. Wilson has all along insisted that, regardless of their murders and rapine and outraging of women, the Mexicans were unselfish patriots; that they committed their unspeakable crimes not to gratify their own desires but merely to advance the great cause of progress and revolution which Mr. Wilson has so often extravagantly lauded. And as for the character of the American revolutionists, it is pointed out that Mr. Wilson is a far greater historian than Mr. Baker and that he has doubtless misled his Secretary of War as to the true character and practices of the Revolutionary he-

roes, inducing him to believe that it was the common practice of the heroes of Valley Forge to loot churches, assault ministers of the gospel and perpetrate other crimes.

#### Hughes' Policy.

We do not propose to tolerate any improper interference with American commerce, with American mails, or with legitimate commercial intercourse. We do not propose to tolerate that any American who is exercising only American rights shall be put on any blacklist by any foreign nation. We propose to protect and American trade, according to American lives, American property our just rights under international law.

And I say in Philadelphia what I said in Milwaukee, that we have no intrigues, no unstated purposes, no secret understandings. We stand for the interests of the United States, and its interests alone, four-square to the world, first, last and all the time.

Now, that is not a policy of war. That is a policy of peace.—Statement made by Governor Hughes in his address in Philadelphia on October 9th.

#### Constructive Program.

"It is charged that I am destructive and not constructive. It is not rights? Is it not constructive to preserve our peace by adequate preparedness? Is it not constructive to apply the doctrine of a protective tariff? Is it not constructive to have efficiency in administration?"

"My friends, we are destructive only in order to lay the basis for constructive work which we promise to do for the benefit of the American people."—Hughes, at Kansas City, Sept. 1.

There has been some complaint about rain hindering corn gathering. But at least it keeps the leaves from blowing back over the yard after the man of the house has carefully raked them into nice piles. That's the optimist's viewpoint.

The favorite outdoor sport in England is shooting down Zeppelins, which will have about as much effect on the ultimate outcome of the war as will the sending of Zeppelins to England have.

Senators Taggart and Kern are making a good arm-in-arm campaign. They never lose sight of one another.

## INDIGNATION IS DEEPLY AROUSED

Country Feels Keenest Resentment at Comparison of Bandits to American Patriots.

### BAKER'S STATEMENT BASIS

Organizations Like D. A. R. and Sons of Veterans Condemn Utterance in Meetings.

Chicago, Oct., 23.—Nothing that has been uttered in the campaign, not even excepting President Wilson's "Too Proud to Fight" utterance seems to have aroused the indignation which has the expression of Newton D. Baker, Secretary of War, made in a speech delivered at St. Patrick's Theatre in Jersey City. Reports coming into Chicago from various parts of the West indicate that the words uttered by Mr. Baker have aroused the keenest indignation. Mr. Baker compared the Patriot Army which followed George Washington with the murderers and rapists who have followed Villa and Carranza in Mexico, and who have made that country a shame to civilization. Here is what Secretary Baker is quoted as having said:

"I know that the Mexicans do not respect American life and property. I know that they do not pay their debts; that they are ragamuffins; that they desecrate church property; that their money is no good, and that they are generally worthless.

"But people never respect these things in revolutions. We did not respect them in our civil war. Washington's soldiers in the march to Valley Forge stole everything they could lay their hands on; took the silver vessels out of the churches and sold them to buy drink. They drove ministers out of the churches. Their money was worthless and they were just as bad characters as the Mexicans."

Organizations like the Sons of Veterans, Sons of the American Revolution, and Daughters of the American Revolution, are condemning the utterance in public meetings. Among those who have voiced their opinion of Mr. Baker's slanderous language are:

Harold L. Ickes, member of the western campaign committee of the Republican National Organization, who said:

"Newton D. Baker, President Wilson's Secretary of War, has at last taken the public into confidence of the administration. The American people have wondered during these last few years at the high regard in which Mr. Wilson and the government have held Mr. Villa. Citizens of this country generally have looked up this gentleman as a bandit of the worst type, whose daily pursuits have been murder and rapine. Now, Mr. Baker, in an address, tells us we are all wrong, that Mr. Villa's band of brigands are patriots."

"He compares these gentlemen with our forefathers who fought under Washington through the long trying years when we were winning our freedom from Great Britain. Washington's patriotic soldiers, according to Mr. Baker, were men of the same kidney as Villa's bandits. I suppose that, therefore, Mr. Baker would have us conclude that we ought to be glad of the opportunity to have the Villistas destroy American property, take Americans from the train in which they were riding under the safe conduct of the Mexican government, strip them, stand them up and shoot them and mutilate their bodies and outrage American women.

"Could this campaign on the Democratic side become more degraded?"

James R. Garfield, former Secretary of the Interior and Progressive Leader of Ohio, said:

"The statement of Secretary of War, Baker, that 'armies always pillage' is interesting. Does he mean to tell us that the army which he has sent into Mexico is pillaging? By his inept comparison of the Mexican troopers to our revolutionary soldiers, does he mean to imply that our revolutionary soldiers were guilty of murder of men, women and children?"

"The Secretary seems to forget that the crimes against American ci-

tizens, which have been committed in Mexico, are crimes of the most atrocious character against persons, and yet the administration of which it is a part, is endeavoring to take the attention of our countrymen away from those facts and make them believe that only property interests are involved in Mexico.

"The suggestion that our revolutionary tropes are to be properly compared with the Mexican troops who have committed outrages, is about as inept as is the comparison which Democracy seeks to make between Lincoln and the President."

Willet M. Spooner, son of former United States Senator Spooner, and Chairman of the Wisconsin branch of the National Security League, has expressed the indignation of Wisconsin people.

"To say that Baker's statements," says Mr. Spooner, "has cost the administration many friends in Wisconsin is putting it mildly. The general opinion is that the incident will cost Wilson thousands of votes. It would be interesting to know if Mr. Baker reflects the opinion of President Wilson." Concluding Mr. Spooner said:

"Blaine had his Burchard; Wilson his Baker. Reports from all over the east indicate an equal feeling of indignation."

Resolutions denouncing Secretary of War Baker for his remarks were introduced in the session of the State Daughters of the American Revolution, which is on in Philadelphia. "To cast a slur on the deathless heroism of the soldiers of revolutionary days," said Mrs. Irwin Fisher, Regent of Valley Forge Chapter, "seems to be far from wise, and certainly unpatriotic."

## DONNAN CLASS MEETS

Perhaps the most striking feature of the excellent talk given Saturday afternoon by Miss Donnann was the collection of worthwhile and original quotations she had gleaned from Sam Butler's Book "The Way of All Flesh." "He has spent his life best who has enjoyed it most. God will take care of us that we do not enjoy it too much." "Judge not a man by what he has done but by what he is able to do." "Wisdom cannot be got for gold but neither can it be got without it." "Everyone knows the only thing worth struggling for is the kingdom of God."

These were only a few of the bits of philosophy given by Miss Donnann Saturday afternoon when the Donnann class was reorganized for the winter at the meeting held at the home of Miss Henrietta Colman. The next meeting will be November 11th at the home of Mrs. Jane Kincaid after which the meetings will be held regularly every two weeks. At that time Miss Donnann will talk on another "Rediscovered writer," W. H. Hudson, especially dealing with his book "Green Mansions." Too, she will touch on Mrs. Deland's, "The Rising Tide."

Miss Donnann, who has been east this summer enjoying a course in literature, seemed to be more than ever captivated as she talked and read in her own inimitable style at the meeting Saturday afternoon. In a short sketch of the writer, Sam Butler she told that until recently his work had never been appreciated and not until the re-publication of "The Way of All Flesh," did people realize that he was far ahead of his time. In the first place, he was brought to partial fame through his writing "Ere Whon" published in 1872 anonymously. Although he started writing his book "The Way of All Flesh," he rambled on with it not finishing for a number of years. His request on his death bed in 1902 was that it be published. Within the past few years it has been published again. "His enemies have said that he was irreligious because he satirized with the mid-Victorian church habits," but said Miss Donnann, "People that cannot have a little fun poked at them do not amount to very much anyway" as she went on by giving several quotations from his books to prove that he was not irreligious. She proved too he was a very deep thinker and searched out the truths of the soul, knowing mankind. He rightly said "Very few know how they really think and feel. We are so hemmed in by conventionalities and conditions that we merely accept without searching out facts."

"Butler's life in many ways is re-lived in the life of the hero of 'The Way of All Flesh,'" said Miss Donnann before giving a very interesting review of the book. It traces the history of four generations of the Pontifex family. "You might think that one son might profit by the mistakes of his father in raising children, but each son went on telling his children in the same grumpy way how grateful he ought to be for all that was done for him, and threatening to leave him out of the will at every mistake a son might make." She gives a short insight into the life of each of the principal characters. Theobald, the third of the generations dealt with in the story, becomes a curate and by clever planning on the part of the family of Christina, marries her.

Their son, Ernest, is the hero of the story and is in many ways like the author. The devotion of his aunt, Alethia, is unlike any family love that has been taught him. She, at her death, leaves him her fortune when he reaches twenty-eight. He does not know of this legacy, and after being unsuccessful as a curate, starts a second hand store. There he renews the acquaintance of a maid who had been in their home for a number of years and marries her. After several happy years of married life, he finds that she is a habitual drunkard and her habit is coming back to her. When he has reached the point where we think he cannot stand it any longer, he finds that she has been formerly married

to their coachman and divorcee's hen. At just about this time, his inheritance comes to him, and his two children are put with a good family to be brought up.

WONDERFUL TALE OF AN ACTRESS

Struggled with Sickness and Discouragement; How Relieved.

Dayville, Killingly, Conn.—“I shall be glad to have every woman know what I know now, after using Lydia E. Pinkham's Vegetable Compound. Although I am only 24 years old, I have suffered for the past eight years. I hated the doctors, for a doctor told me to give up the stage where I was playing with my husband.

I had bearing down pains, my health failed me, and I could not work on the stage, and wasn't able to tend my baby or even get around myself. I was always downhearted and discontented with the world, and only lived for the sake of my little girl. The doctor said to move to some quiet little town away from the noisy city, and I might be able to live and feel well, so I went to Dayville in November. At that time I was so sick I could not walk around, and my husband kept house and I stayed in bed. One day in January I read your advertisement in a newspaper, and I sent for Lydia E. Pinkham's Vegetable Compound, and started taking it. Within two weeks time I was a different woman, could get around, and felt so good that it was a pleasure to do my housework. I felt contented and happy, and now am the picture of health, and am tempted to return to the stage. We appreciate my health as the most precious thing on earth.”—Mrs. H. L. KLENNETT, Box 85, Killingly, Conn.

SUPREME COURT HAS BIG TASK

Almost 700 Cases Are on Docket Which Involve Whole Economic Structure of Country.

PROMISES BUSY SESSION

For First Time Since 1914 The Court Has Full Bench—Two, However Can't Serve.

(By United Press.)

Washington, Oct. 23.—Faced by something like 700 cases involving the whole economic structure of the country, the nine judges constituting the United States Supreme court today are grinding out decisions in what jurists expect to be one of the most memorable sessions in the history of the court.

Among the questions the court has to decide are:

Are trusts of any sort legal?

Are workmen's compensation laws constitutional?

Are "blue sky" laws regulating capitalization of corporations constitutional?

Is the new organic army law constitutional?

Can the United States under existing treaties give a 5 per cent tariff discount to foreign goods reaching these shores in American vessels?

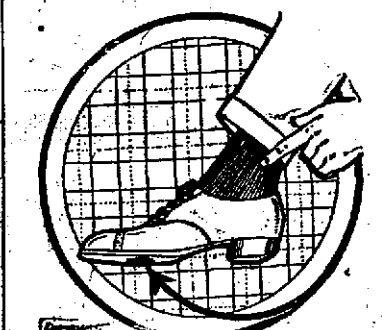

And 600 odd others.

For the first time since 1914, the court is sitting with a full bench, due to the addition of Associate Justices Brandeis and Clarke. This will enable the court to decide many cases considered too important to be decided by the depleted bench last year.

A difficulty is that Associate Justice McReynolds, former Attorney General can not sit in any of the government cases that originated on were on the calendar when he was directing the government's legal business. And Mr. Brandeis can't sit in any of the cases involving workmen's compensation or in many of the trust cases in which he was counsel.

On the court's decision in the Harvester and United States Steel cases depends the whole future of the economic system of the country, according to attorneys. These cases will bring up for the first time the question whether a "good" trust—not one accused of unfair competition—is permissible. They are considered the most important trust cases of history—far more important than the Tobacco trust and Standard Oil cases.

The Reading or anthracite coal case will tell whether the alleged coal monopoly shall be broken; the Pennsylvania railroad case whether the Interstate Commerce Commission has the power to order railroads to furnish additional equipment; the divisor cases will dispose of \$40,000,000 in litigation between the government and railroads over the old railway mail pay cases; and the 5 per cent tariff discount case will test the validity of many trade treaties this country has.
